Re: Biochemical Feedback Control for Fermentation (PM 1166)

Dear Jim:

Enclosed is a draft application concerning the microbiological treatment of tobacco prepared by John Bass for FTR. Please review the draft from the standpoint of sufficiency of disclosure in the U.S.

Mr. Bass will be in Neuchatel, September 5-8, thus it would be desirable to have your comments by then so that he may follow up while there. I also enclose my comments to Mr. Bass on this matter.

Very truly yours,

D. Anthony Gregory
